Email: info@anacortesmarina.com

Hours: 8AM to 5PM M - F
10AM to 3PM SAT
Lunch 12 -1 daily

Marina Manager: Bill Douvier

Office Coordinator: Joyce Betty

Crew: Jean Phiefer, Brett Moody, David Coffey

Fuel Dock

Marine Servicenter fuel dock will begin its Summer schedule on Friday May 28th.

Summer hours: 8AM to 6:00PM Fri, Sat, Sun
8AM to 4:30PM Mon - Thurs

Call (360) 293-8200 to check fueling hours and the current fuel price and discount. Vessel pump-out charge is \$5.00.

Clean Marina Program

The Marina is pleased to announce our participation in the Washington State Clean Marina Program. We are in the process of meeting the requirements to allow us to be fully certified by the end of this year. We are rewriting our BMP's (Best Management Practices) to conform with the Program.

Changes in the BMP's will include restrictions on bottom cleaning, in the water hull repairs and will encourage new methods for keeping your vessel clean without the use of harmful chemicals. The new BMP's will be available at the Marina office when completed and our new signage has already been posted at the head of each dock.

Liveaboard Policy at the Marina

Slip owners and tenants wishing to spend more than 30 days on board their vessel at the Marina must apply for a **Liveaboard Permit** at the Marina office. Liveaboard Permit applicants must submit to additional inspections of their vessel and return **proof of pump-out** coupons to the Marina office on a monthly basis. The Marina limits liveaboard slips to 5% of total slips in the Marina. Contact the Marina office to check for current liveaboard slip availability.

Recycling and Proper Disposal of Hazardous Waste

The Marina has added extra containers for recycled materials. Recycle bins located next to our existing dumpsters are for all recycled materials. Clean cardboard should be placed alongside the dumpsters and garbage is to be deposited in the dumpsters. Hazardous waste materials need to be delivered to the Skagit County Hazardous Waste Collection site located at 14104 Ovenell Road. Hazardous waste is accepted Monday through Friday from 10:00 until 4:00 pm. Contact the Marina Office for more information on what are considered Hazardous waste materials and for directions to the county site.

RV and boat trailer parking.

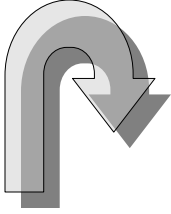

RV parking is available at the Marina on a limited basis. RV parking must be approved in advance by the Marina office if the vehicle occupies more than one parking space. RV camping is not allowed per city zoning restrictions.

Improperly parked vehicles and trailers will be towed at the owner's expense.

Pet peeves and protection

The Marina requires all pet owners to pickup after their pets. Pet stations are available at each driveway entrance to provide bags for this purpose. Pets must be kept on a leash when on Marina grounds. Please be aware that Marina wild life should not be approached. Small pet owners should also be aware that eagles may be flying overhead.

Vessel turn around Policy

The policy of the Marina is to allow a vessel the assigned slip size plus 2 feet. Your vessel, including the dinghy and all projections forward and aft, should not exceed this measurement.

During the busy summer season (May through September), all vessels must be tied in their slip so as not to extend beyond the piling at the end of your finger pier.

IF your vessel projects beyond the piling, turn your vessel bow in to the slip. **IF** your vessel still projects past the piling, see us at the Marina office for a larger slip assignment. Please make sure no part of your vessel extends over the main walkway to create a hazard for those walking on the dock.

Children

Children 12 and under must be accompanied by an adult while at the Marina. We recommend children wear their life jackets at all times they are on the docks.

Dock carts

Over 40 dock carts are available for your use at the Marina. Please return dock carts to the top of the ramp after you have unloaded them so they are available to others. Carts should not be used as work benches. **Do not overload your cart.** Dock ramps may be steep during Spring tides. The cart should always be on the down hill side of you. Lower the cart in front of you as you go down keeping a firm grasp on the hand rail. Pull the cart up behind you when climbing the ramp.

Sublease your slip

The Marina is continuing its policy allowing tenants to sublease their slip. Tenants wishing to sublease their slip space should supply the Marina office with a completed Sublease Package (including proof of insurance), at least one week before the vessel is to arrive. A \$20 sublease administration fee will be billed to the slip tenant for each approved sublease. Other restrictions apply so please contact the marina office for full details and a Sublease Package.

Swap your dock

Again this year, we will be contacting Marinas in other parts of Puget Sound to arrange dock swapping between our tenants and other interested parties. We hope to offer you the opportunity to swap slips with other boaters and explore other areas.

We are presently posting Anacortes Marina availabilities on our web site and hope to have boaters from other areas contact us. Once a swap is agreed to, the necessary sublease forms can be completed. Let us know if you would like to participate and we will add you to our list.

Wi-Fi web access

Wireless web access is available at the Marina. BroadbandXpress is offering wireless web access at your vessel for \$34.95 per month, \$24.95 for 3 days or \$10.95 per day, for short term use. For coverage areas and more current information, please contact bbxpress directly at 800-729-4603 or visit their website at www.bbxpress.net.

Food Donations

Anacortes Marina is pleased to continue its support of the **Anacortes 100 Food Bank**. If you are cleaning house/boat or have food left over from a recent trip, you may drop off donations at the Marina office or place them in the bin located in the lobby of the Marina building.

Parking Permits

Permit parking along the east fence is reserved for condo owners displaying parking stickers. Please limit your use of loading zones to no more than 30 minutes. You will be ticketed and may be towed if you abuse these rules. If you are going out for over 4 days, help us ease the congestion by parking in the north lot. Thank You.

Crew Working

Strong disinfectants are used to clean our restroom facilities. Please allow our crew to complete their cleaning by using an alternate restroom.

All Dock attachments (cleats, bumpers, etc.) must be approved in advance and installed by Marina staff.

BBQ Permit

By order of the Anacortes Fire Marshall, no fires of any kind are allowed in the Marina without a permit. BBQ permits are available at the Marina office for those who want to BBQ on their vessel.

BBQs and crab cookers are never to be used on Marina docks.
