

## Attention Anacortes Marina F-dock tenants:

Replacement of the docks and breakwater wall at the Marina is continuing on schedule. For October 2019 we plan to replace all of F dock.

**To accomplish the replacement of F dock:**

**We plan on construction to last for 4 weeks beginning October 1st.**

**Vessel owners will need to move their vessel off the dock by September 30<sup>th</sup>.**

As the Marina is currently full we are investigating moorage options to help you relocate your vessel. **Please review the coupon below. Indicate your preference and return the attached coupon.**

**We must receive a response from you if you wish to be considered for moorage.**

If the options below do not meet with your needs you may consider a 4th Option.

\_\_\_\_\_ **Option 4:** None of these options will work for me. I may terminate my current License Agreement by giving 30 days written notice from the 1<sup>st</sup> of any month.

We will be contacting all F dock tenants and owners individually to confirm receipt of this notice, registering their choice and providing news on opportunities for dry storage and moorage at other marinas as they develop.

We look forward to completion of your new F dock and return of all owners and tenants.

Thank you for your patience during this construction period. Marina Staff.

---

(Please return this coupon with your payment)

\_\_\_\_\_ **Option 1: 32' vessels.** Occupy half of a 66' slip at Cap Sante Marina. Indicate forward half with power available or outside half if you want to continue to use your vessel but do not need power. \_\_\_\_\_ Forward end with power \_\_\_\_\_ Outside end without power

\_\_\_\_\_ **Option 2:** You have a 32' or larger vessel and you will schedule your annual haul out and maintenance work to be completed during this period.

\_\_\_\_\_ **Option 3:** You intend to continue cruising during the month of October or will be relocating to another marina and not in need of a reserved space in a boat yard or marina.

**Owner/Tenant:** \_\_\_\_\_ **Slip #:** \_\_\_\_\_
