

Covid-19 Marina Health Update March 23, 2020

Effective immediately, the Marina Office will be closed to the public. We remain staffed with regular office hours, but all services will be provided either by phone or email.

The health and safety of our employees, slip owners, Marina tenants and business customers remain our top priority.

In order to provide safety for all, we will be altering how the Marina office functions;

1. All contacts now with the office will be by phone, mail or email.
2. Payments may be mailed or dropped in our office drop box located outside the Marina office door.
3. Package and mail delivery will be coordinated by our office staff. Arrangements and appointments for pick up will need to be made by phone or email.
4. Laundry will remain open for now with a one person only social distancing requirement.

Check our website www.anacortesmarina.com **News, Notices** for additional information.

Thank you for your cooperation during this medical emergency.
