## To Anacortes Marina E-Dock outside slip Tenants:

Replacement of docks and breakwater wall at the Marina is continuing this Fall as scheduled.

We plan for the new dock construction to last 4 weeks beginning October 1<sup>st</sup>. **All Vessel owners will need to remove their boat from E dock by September 30<sup>th</sup>.** Moorage charges will be waived for the month of October. **As the Marina is full, you will need to investigate alternative moorage or storage options at other marinas and boat yards. Dock boxes are to be removed for refurbishing. Please remove the contents of your dock box by August 1<sup>st</sup>. Gear left in your dock box after August 1<sup>st</sup> will be placed aboard your vessel. Please notify the Marina office when your dock box is empty.**

### Boat Yard Storage Available:

North Harbor Diesel boatyard is offering a package plan again this year.

**Haul and launch, normal pressure wash and October storage: 30' to 40' vessels \$675 plus electric.**

Vessels hauled in September/launched in November will not incur additional costs for shortest storage.

Vessel owners who contract with the yard for work to be done in excess of \$1,000 will have the storage portion of these costs waived. **If interested, contact North Harbor Diesel for a reservation.
