

NORTH HARBOR DIESEL YACHT SERVICE, SALES & STORAGE

E-Dock Remodel

Haul Out & Storage

North Harbor Diesel is offering special pricing for customers who are looking for a temporary home for their vessel while Anacortes Marina is remodeling E-Dock this fall. All E-Dock customers can receive a haul out, pressure wash, one month of storage, and a launch for their vessel at a special rate during the time of remodel. Electricity usage is not included in pricing, and storage spaces with power are on a first come first serve basis.

Vessels 40' and under LOA will be \$675 + tax.

Services

While your vessel is out of the water, it would be an ideal time to schedule your annual services. North Harbor Diesel offers complete mechanical, structural, and cosmetic services to keep your boat in prime operating condition. Owners who receive services totaling over \$1,000 while in storage with North Harbor Diesel during the E-Dock remodel will be credited back the storage portion of the \$675 haul out fee. Please contact the appropriate service manager for your service requests.
